Capgemini recognized as a Leader in Everest Group's PEAK Matrix® for Intelligent Process Automation Providers in 2022

Capgemini receives second consecutive leader recognition from Everest Group

Paris, May 16 2022 – Capgemini today announced that it has been named a 'Leader' and 'Star Performer' in Everest Group's PEAK Matrix® for Intelligent Process Automation (IPA) providers 2022. Capgemini has been recognized for the second time consecutively for its market impact, vision and capabilities in this space.

Everest Group also recognized Capgemini as the only 'Star Performer' among 'Leaders', for demonstrating the highest improvement over time in the PEAK Matrix®. The report highlights Capgemini's key strengths as:

- Data-led approach and AI and analytics driven solutions that drive tangible business outcomes
- The Capgemini Intelligent Automation Platform (CIAP), which enables automation, real-time robot monitoring, analytics and control
- Extensive partner ecosystem and experience across IA components
- Proprietary frameworks for consulting services that include maturity assessment and technology advisory
- Client recognition of automation knowledge, opportunity identification, and solution development

Geetika Mediratta, Practice Leader for Intelligent Automation at Capgemini's Business Services said: *"Capgemini's dynamic suite of intelligent automation solutions enables organizations to drive process efficiency in a cost-effective manner, to unlock the true value of their technology investments, and to foster continuous innovation. With our Digital Global Enterprise Model (D-GEM) methodology, intelligent automation platform (CIAP) and our suite of data and AI led solutions, we enable a frictionless enterprise for clients. This positioning by Everest Group reflects our commitment of delivering sustainable value to our clients and our ability to help unlock the true potential of intelligent automation for organizations."*

Ashwin Gopakumar, Practice Director at Everest Group said: *"Capgemini has emerged as a Leader and Star Performer in Everest Group's PEAK Matrix® for Intelligent Process Automation (IPA) solutions in 2022. In addition to its strong partner ecosystem in Intelligent Automation, it also offers a wide range of packaged solutions across different process areas. Capgemini's extensive library of use cases and pre-trained implementation accelerators, and varied consulting frameworks, differentiate and position it well for success."*

About Capgemini
Capgemini is a global leader in partnering with companies to transform and manage their business by harnessing the power of technology. The Group is guided everyday by its purpose of unleashing human energy through technology for an inclusive and sustainable future. It is a responsible and diverse organization of over 340,000 team members in more than 50 countries. With its strong 55-year heritage and deep industry expertise, Capgemini is trusted by its clients to address the entire breadth of their business needs, from strategy and design to operations, fueled by the fast evolving and innovative world of cloud, data, AI, connectivity, software, digital engineering and platforms. The Group reported in 2021 global revenues of €18 billion.
