Capgemini wins SAP® EMEA North Partner Excellence Award 2022 for SAP Business Technology Platform Adoption

Paris, March 3, 2022 – [Capgemini](https://www.capgemini.com) today announced that it has won an SAP® EMEA North Award for Partner Excellence 2022 for SAP Business Technology Platform Adoption. This is Capgemini's third SAP EMEA North Partner Excellence award.

Awards were presented by SAP to the top-performing SAP partners in northern Europe, the Middle East, and Africa that have made outstanding contributions to driving digital transformation for businesses that use SAP solutions.

Capgemini was recognized for its increased growth in the SAP Business Technology Platform (SAP BTP) business and for its end-to-end SAP BTP solutions that enable clients to accelerate their digital transformation journey. SAP BTP allows businesses to move assets to the cloud and configure applications, leading to optimized and connected business processes, faster time to value and rapid implementation.

Josean Mendez, Global SAP Partner Lead at Capgemini said, *"As businesses continue to adapt to a digital-first world, they are looking for intelligent solutions that can accelerate and simplify their cloud transformations. Our long-standing partnership with SAP and our team of highly experienced SAP-certified practitioners ensure that we are the trusted partner of clients on their journey towards a sustainable, agile and innovative enterprise. This recognition further underlines our strengths in bringing together technological expertise, process efficiency and operational excellency."*

"Yet again, our SAP Partner Excellence Award winners demonstrate how they go over and above to deliver outstanding experiences for customers," says Veronique Hangard, Head of Channel, SAP EMEA North. *"Huge congratulations to Capgemini for winning this SAP EMEA North Service Partner Excellence award."*

About Capgemini

Capgemini is a global leader in partnering with companies to transform and manage their business by harnessing the power of technology. The Group is guided everyday by its purpose of unleashing human energy through technology for an inclusive and sustainable future. It is a responsible and diverse organization of over 325,000 team members in more than 50 countries. With its strong 55-year heritage and deep industry expertise, Capgemini is trusted by its clients to address the entire breadth of their business needs, from strategy and design to operations, fueled by the fast evolving and innovative world of cloud, data, AI, connectivity, software, digital engineering and platforms. The Group reported in 2021 global revenues of €18 billion.
